ROBOTIC WELDING SYSTEM

RELIABLE ROBOTIC WELDING SHOULDN'T COST AS MUCH AS A EUROPEAN SPORTS CAR

This turnkey robotic welding cell combines the FAIRINO FR5 collaborative robot, Everlast RedSabre 2000X welding power source, heavy-duty welding cart, FAIRINO teach pendant, and Devonics Smart Tool into one integrated system that arrives ready for work in your welding lab!

- **Cobot: Fairino FR5, 11 lbs payload**
- **Everlast RedSabre 2000X Torch, designed for stable arc control and reliable robotics integration**
- **Heavy-Duty Weld Cart**
- **DEVONICS Smart Tool, an intelligent end-of-arm solution designed for seamless robot integration and adaptive control**
- **FAIRINO Teach Pendant, user-friendly touch screen controller, easy programming, manual jogging, monitoring and quick setup**
